BAUSCH + LOMB ANNOUNCES VOLUNTARY RECALL OF CERTAIN LOTS OF CONTACT LENS SOLUTIONS, EYE WASH AND EYE LUBRICANTS

No Known Serious Adverse Events Related to this Recall

LAVAL, Quebec, May 27, 2021 - Bausch + Lomb, a leading global eye health business, is conducting a voluntary recall of certain lots of Biotrue® contact lens solution, ReNu® MPS Multi-purpose solution sensitive eyes, ReNu® MultiPlus contact lens solution, Boston® cleaner, Boston® conditioning solution, Boston® Simplus Multi-Action contact lens solution, Sensitive Eyes® contact lens solution, EasySept® contact lens solution, Ophtaxia® eye wash solution, Sensitive Eyes® eye lubricant solution and associated private label brands that were manufactured at its facility in Milan, Italy. A complete list of the Bausch + Lomb products and lots impacted by this recall is below.

This voluntary recall is being conducted in Europe, Middle East, Africa, Russia/CIS, Hong Kong and China, although the certain lots of Ophtaxia® eye wash solution are only applicable to France and Hong Kong, and Sensitive Eyes® eye lubricant solution to Hungary, Bulgaria and South Africa. Additionally, the only product being recalled in China is Boston® Simplus Multi-action contact lens solution.

This voluntary recall follows a notification received by Bausch + Lomb from one of its third-party suppliers in Milan, Italy, which sterilizes some components (bottles, plugs and caps) of these products prior to manufacturing in our facility in Milan, Italy, of a compliance issue with its sterilization process. Bausch + Lomb is one of many companies impacted by this situation.

The health and safety of everyone who uses our products is our utmost priority. While there is a low risk of infection with these products, we have chosen to voluntarily recall these certain lots of products because we cannot confirm the supplier's conformance to process compliance requirements for some of the components of these products. No serious adverse events have been reported to date in association with this issue.

Affected product lot information can be located at BLRecall.expertinquiry.com. No other Bausch + Lomb products or lots are affected by this recall.

Consumers who may have these affected products in their possession should take the following steps:

1. Visit BLRecall.expertinquiry.com to verify the product is impacted.
2. If the product is impacted, stop using the product.
3. Register for further instructions at BLRecall.expertinquiry.com.
4. After following all instructions, discard the impacted product.

For more information on the recall, for assistance with registration or to report an adverse event or

complaint, consumers should contact Sedgwick, the firm conducting this product recall on behalf of Bausch + Lomb, via email: BLRecall@Sedgwick.com, phone: +44-20-8089-3775 between the hours of 0900 to 1800 local time, Sunday – Saturday, or online at BLRecall.expertinquiry.com. Consumers should also contact their eye care professional for further care and instruction related to an adverse event.

Retailers, pharmacies, eye care professionals, distributors and wholesalers who have purchased products directly from Bausch + Lomb are asked to contact Sedgwick at +44-20-8089-3775 to arrange for pickup of the identified product and for Return Material Authorization instructions. If the products were not purchased directly from Bausch + Lomb, customers are asked to contact their re-seller to return the product and discuss exchange or refund options.
